

## JOIN US IN CRAFTING A BRIGHTER FUTURE

With the vision of redefining the idea of Life Insurance in Bangladesh through innovation and a new spirit, Shanta Life is set to commence its operations. Our ambition is to build a devoted team for delivering best-in-class products and services that will transform the industry. If you are driven by the pursuit of excellence and wish to work with a dynamic team, we invite you to be a part of our journey.

### IT Project Manager

#### Key Responsibilities

- Define project scope, objectives, and deliverables; develop and manage detailed project plans to ensure successful execution within scope, time and budget
- Act as a liaison between business stakeholders and technical teams, ensuring clear communication, alignment and regular project status updates
- Lead cross-functional project teams, fostering collaboration, accountability and alignment toward project goals
- Identify, mitigate, and manage project risks and issues, ensuring timely resolution of challenges and adherence to contingency plans.
- Oversee the implementation of IT solutions, ensuring compliance, timely delivery and post-implementation success evaluations
- Manage external vendors and optimize resources across projects, ensuring contractual obligations and resource efficiency

#### Key Requirements

- Minimum Bachelor's degree in Computer Science, Management information system or a related field
- 5 to 10 years of experience in IT project management, preferably in bank, telco or financial industry
- Proven expertise in managing the end-to-end IT project lifecycle
- Strong understanding of ICT concepts, system development lifecycle (SDLC) and agile methodologies
- Proficiency in project management tools such as Microsoft Project, JIRA or Trello

**Job Location :** Dhaka

**Deadline :** 30th August, 2025
